Monthly ridership figures are preliminary and subject to revision on a quarterly basis.

January 2018:	22	Weekdays	4	Saturdays	5	Sundays
January 2019:	22	Weekdays	4	Saturdays	5	Sundays

Sound Transit ridership increased by 128.4K, or 3.4%, compared to January of last year with Sounder, Link and paratransit services leading the way in ridership increases during the month. System-wide average weekday boardings increased by 3.9% compared to January 2018

ST Express ridership decreased by 25.6K or 1.7% compared to the same time last year. Average weekday boardings were also down by 2.3%. Routes 550 (Bellevue - Seattle) and 554 (Issaquah - Seattle) declined by 1.4K average weekday riders compared to January of the previous year. Both routes were impacted by the Rainier Freeway Station closure in September, which closed due to East Link construction.

Sounder ridership increased by 2.7K, or 0.6%, compared to January 2018. Sounder South line continues to drive ridership increases adding about 140 daily riders compared to the previous year. Comparatively, average weekday boardings decreased on the North line by about 140 daily boardings.

Tacoma Link ridership decreased by 1.0K, or 1.3%, during the month of January. Average weekday boardings decreased by 0.9% over the same period last year.

Link ridership increased by 151.6K, or 8.3%, compared to the same period last year. Average weekday boardings were also up 10.5%. The growth in ridership is a combination of increased ridership demand during the three week Alaskan Way Viaduct closure and the continued natural ridership growth we've seen over previous months.

Paratransit services increased by 14.4% compared to January 2018. The increase in paratransit ridership is attributed to the increased ridership on Link with additional customers requesting access to the Link system.

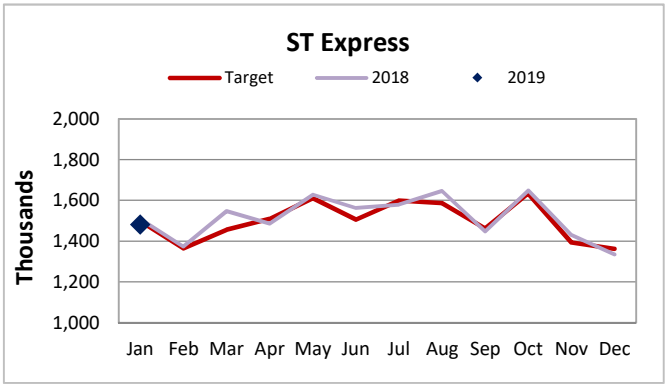

Average Daily Boardings

Sound Transit Operations
January 2019 Service Performance Report

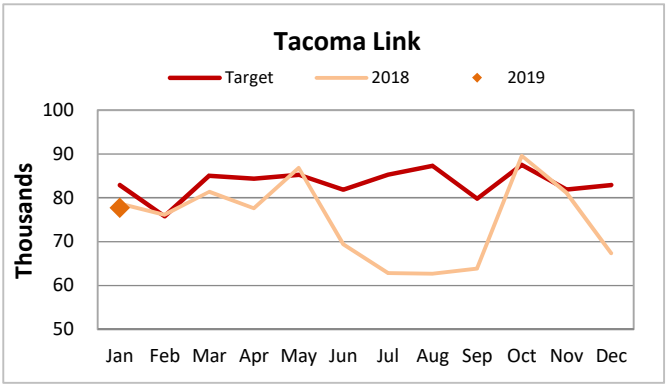

Monthly Ridership Trends by Mode

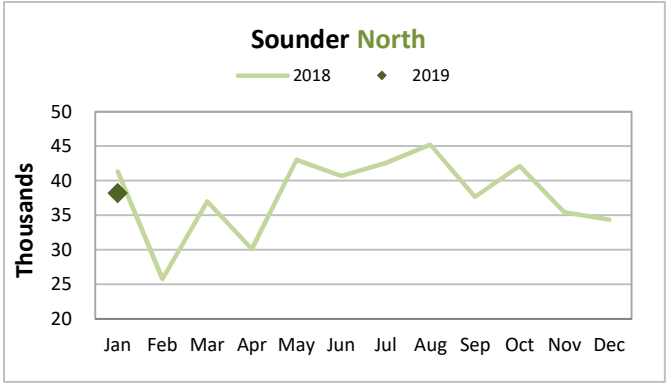

ST Express ridership decreased by 1.7% in January. Both average Saturday and Sunday boardings increased by 3.9%, while average weekday boardings were down by 2.3%.

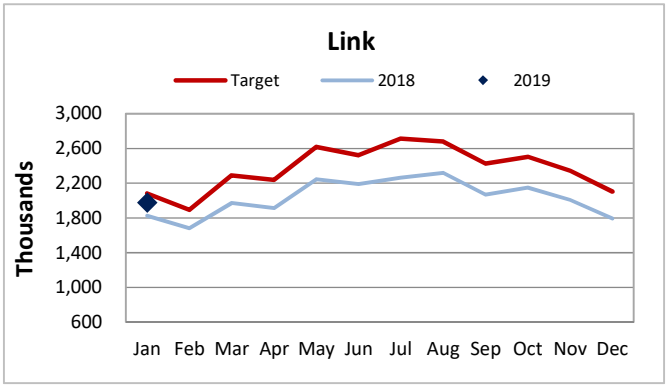

Sounder system-wide ridership increased slightly by 0.6% compared to January 2018. The increase of average weekday boardings were driven by the growth on the South line.

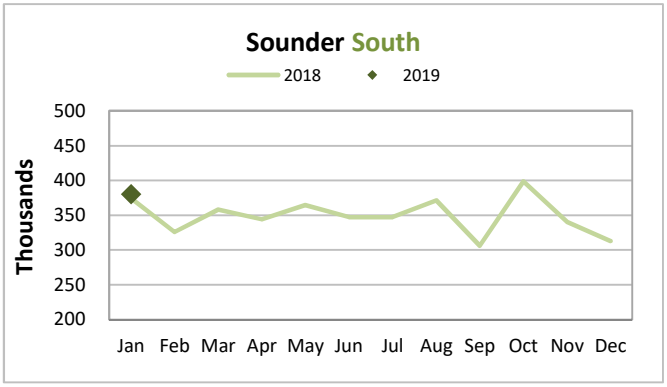

Tacoma Link ridership decreased by 1.3% compared to during the month of January. Average weekday and Sunday boardings decreased by 0.9% and 17.8%, respectively, while Saturday boardings increased by 9.4%.

Sounder North ridership decreased by 7.6% compared to last year. Average weekday boardings decreased by about 140 daily boardings.

Link ridership increased by 8.3% for the month compared to the same period last year. Average weekday and Sunday boardings were also up by 10.5% and 6.4%, respectively, while Saturday decreased by 4.4%

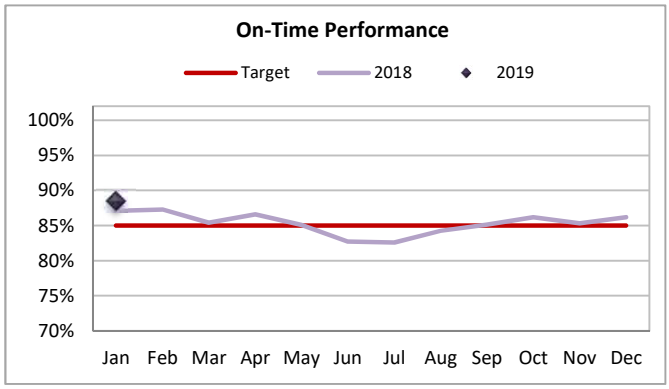

Sounder South ridership increased by 1.6% compared to last year. Average weekday boardings increased by about 140 daily riders.

Sound Transit Operations
January 2019 Service Performance Report

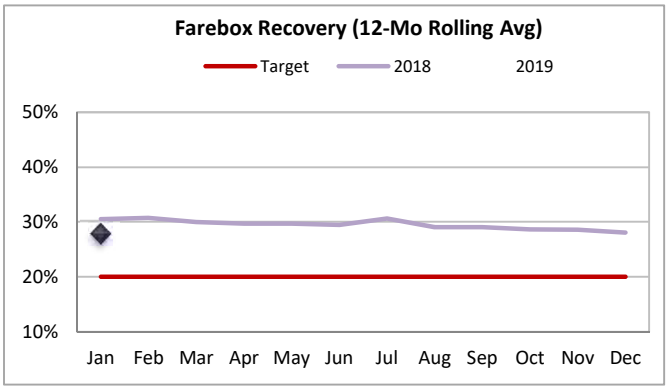

ST Express

Highlights

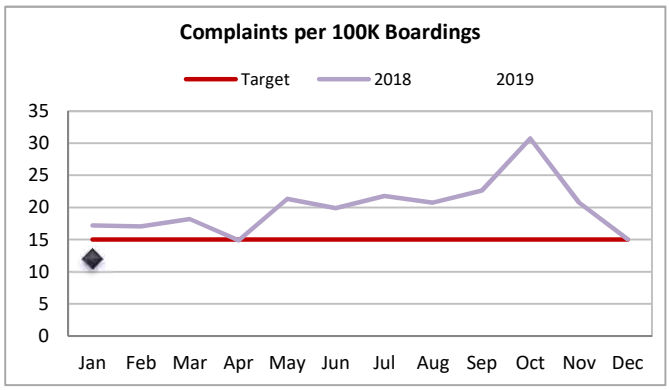

- ST Express on-time performance was above the target at 88.5% for the month.
- Passengers per trip was slightly below target at 36.1 in January mainly due to ridership fell by 1.7% compared to the budgeted target.
- Customer complaints per 100K boardings was better than the target at 12.5 and has improved compared to last month.
- Preventable accidents per 100K miles met the target at 0.66 based on a 12-month rolling average.

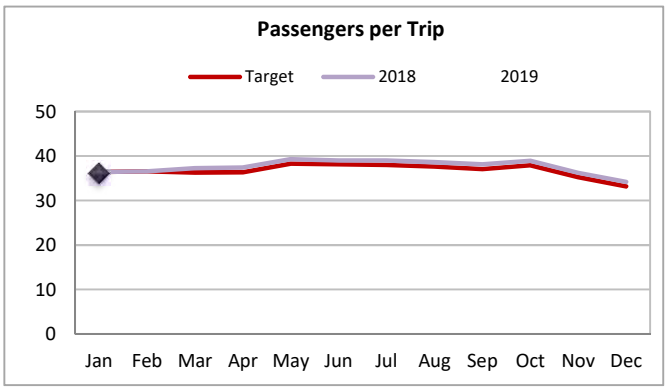

Target: 85% **Jan 2019: 88.5%** **YTD 2019: 88.5%**

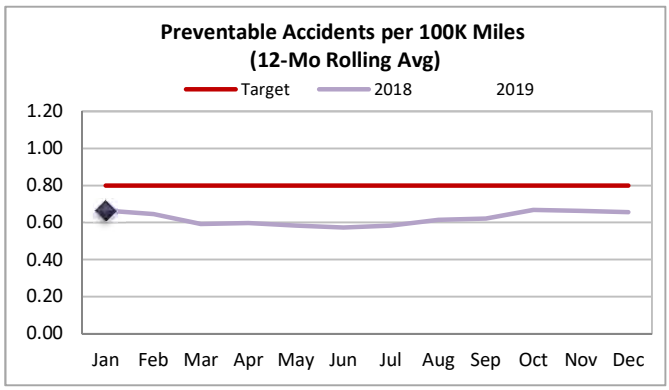

Target: 20.0% **12-Mo Avg: 27.9%**

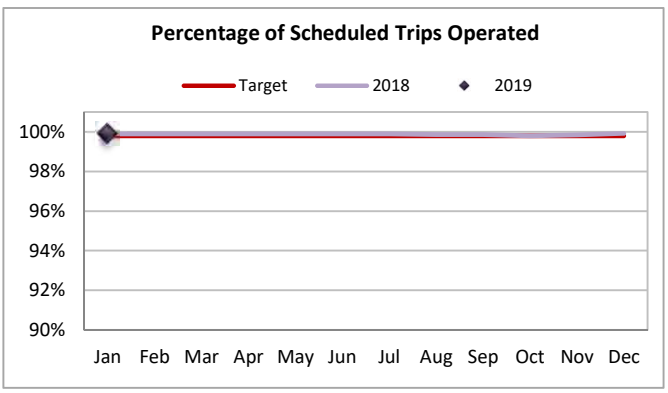

Target: < 15 **Jan 2019: 12.0** **YTD 2019: 12.0**

Jan-Tgt 36.5 **Jan 2019: 36.1** **YTD 2019: 36.1**

Target: 0.80 **12-Mo Avg: 0.66**

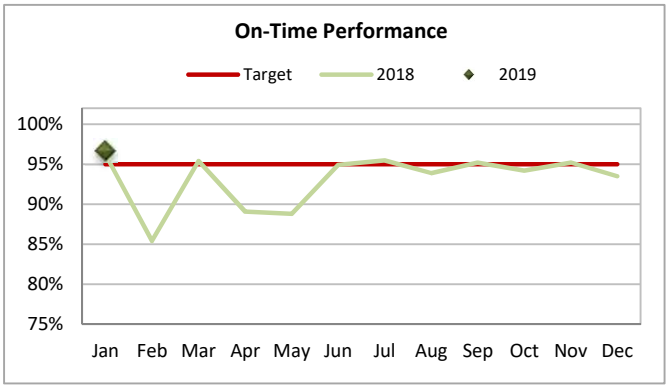

Target: 99.8% **Jan 2019: 99.9%** **YTD 2019: 99.9%**

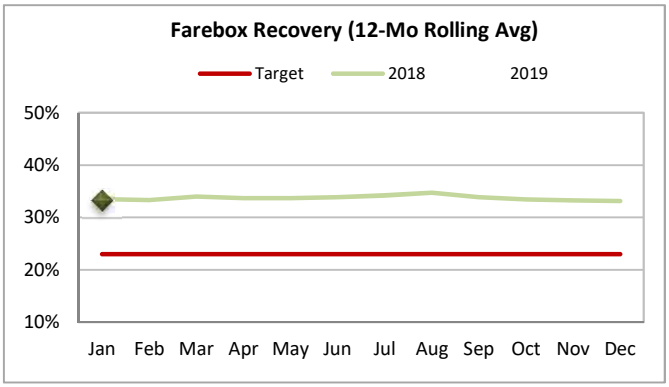

Sounder Commuter Rail

Highlights

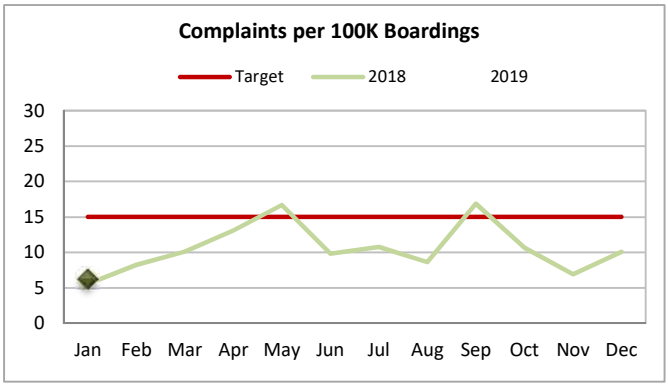

- Sounder on-time performance was above target at 96.7% for the month.
- Passengers per trip in January was higher than the target at 562.5 driven by the increase of ridership.
- Percentage of scheduled trips operated met the target at 99.5% in January.

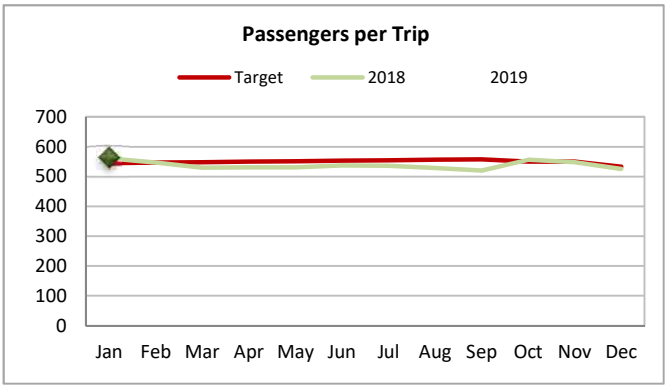

Target: 95.0% **Jan 2019: 96.7%** **YTD 2019: 96.7%**

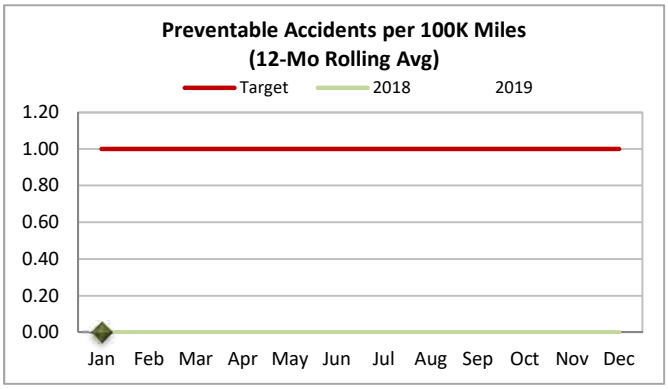

Target: 23.0% **12-Mo Avg: 33.1%**

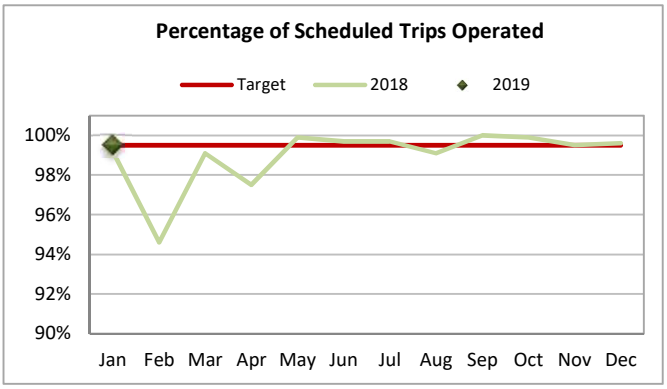

Target: < 15 **Jan 2019: 6.2** **YTD 2019: 6.2**

Jan-Tgt 545.0 **Jan 2019: 562.5** **YTD 2019: 562.5**

Target: 1.00 **12-Mo Avg: 0.00**

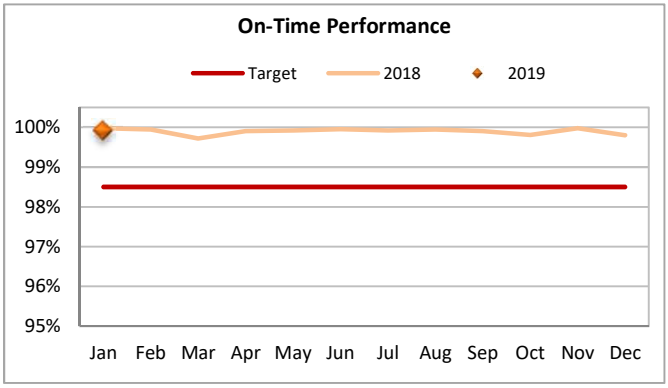

Target: 99.5% **Jan 2019: 99.5%** **YTD 2019: 99.5%**

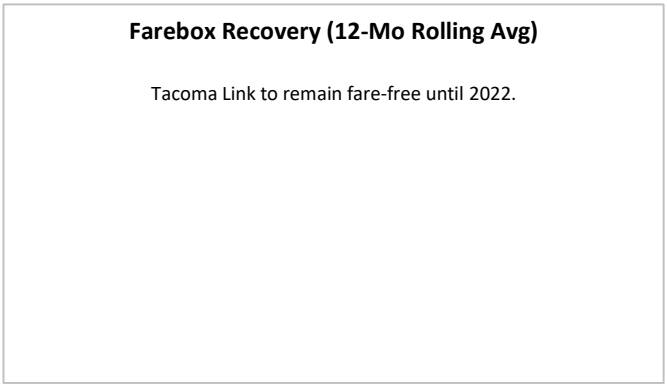

Tacoma Link

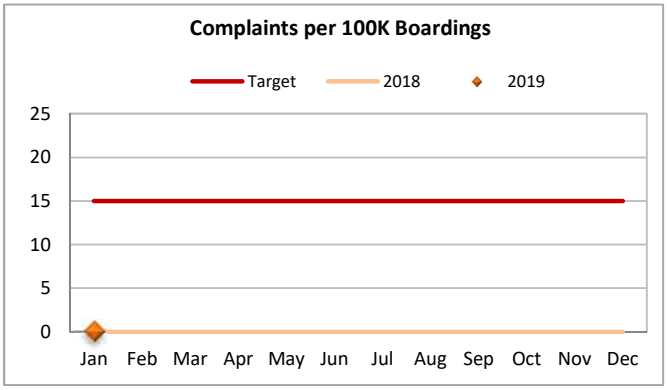

Highlights

- Tacoma Link on-time performance was above the target at 99.9% for the month.
- Passengers per trip was slightly lower than the target at 19.1 in January driven by the decrease of ridership.
- Preventable accidents per 100K miles is based on a 12-month rolling average. There has been no preventable accident since June 2017.
- There were no complaints related to Tacoma Link in the month of January.

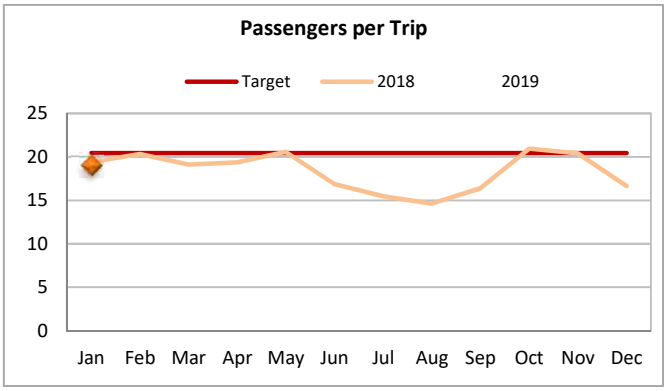

Target: 98.5% **Jan 2019: 99.9%** **YTD 2019: 99.9%**

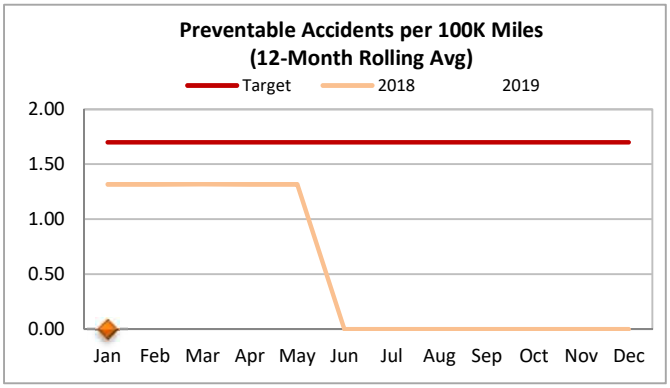

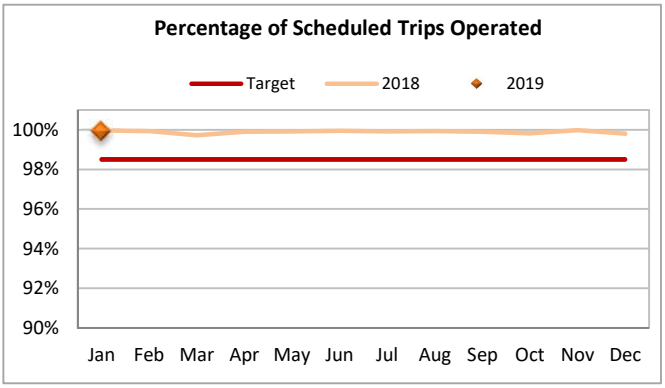

Target: < 15 **Jan 2019: 0.0** **YTD 2019: 0.0**

Target: 98.5% **Jan 2019: 99.9%** **YTD 2019: 99.9%**

Sound Transit Operations
January 2019 Service Performance Report

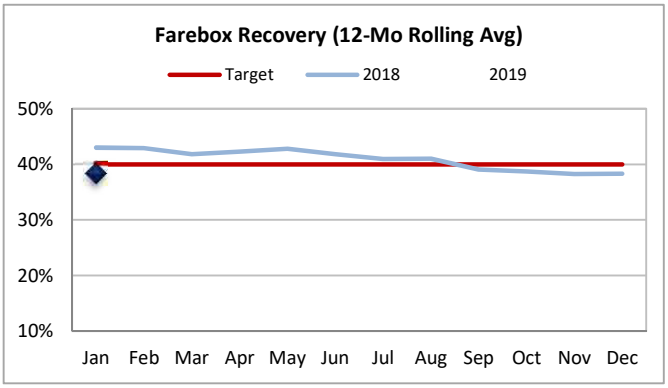

Link

Highlights

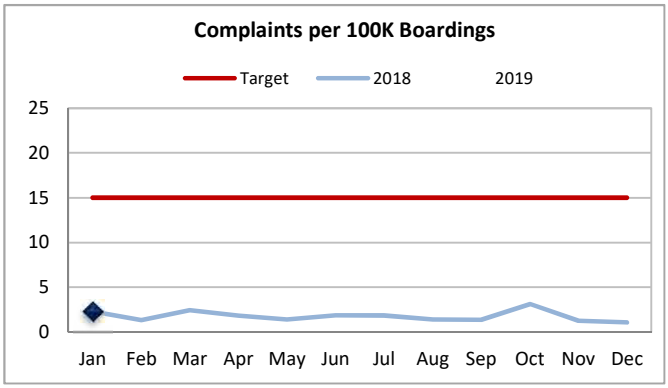

- Percentage of scheduled trips operated was above target at 99.3% for the month.
- Passengers per trip was slightly below target at 228.7 in January mainly due to ridership dropped by 5.0% compared to the target.
- Farebox Recovery was under target at 38.3% in January as the agency and Link ramp up to support takeover of Downtown Seattle Transit Tunnel (DSTT) and ST2 expansion projects; costs will precede the benefits of increases in the fare revenues.
- Link light rail has no preventable accident since June 2018.

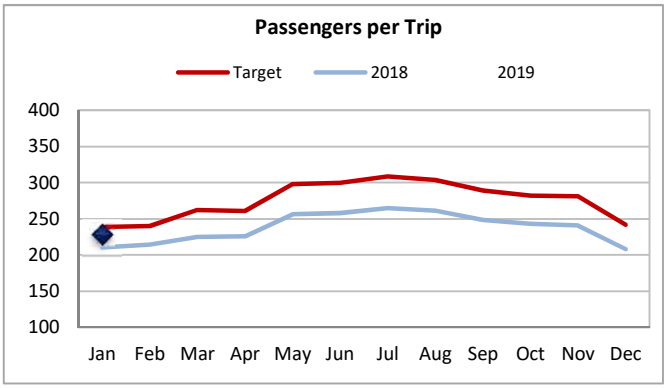

Target: 90% **Jan 2019: 88.8%** **YTD 2019: 88.8%**

Target: 98.5% **Jan 2019: 99.3%** **YTD 2019: 99.3%**

General Transit

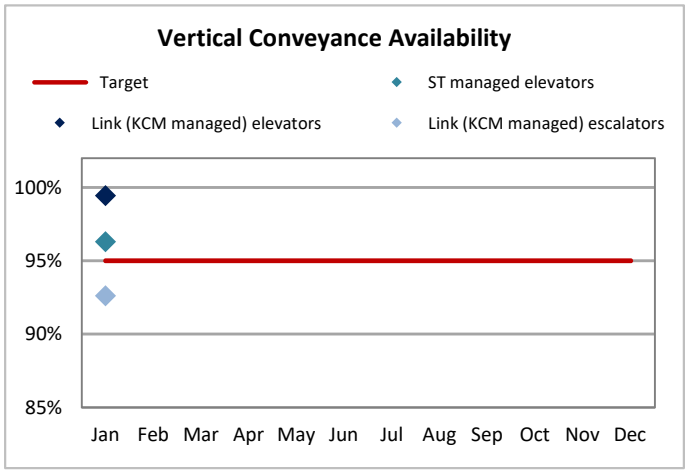

System-wide Permanent & Leased Parking
January 2019

Region	Available	Utilized	% Utilized
Snohomish	3,573	3,333	93%
North King	447	294	66%
East King	1,266	1,232	97%
South King	5,031	4,931	98%
Pierce	4,765	4,670	98%
System Total	**15,082**	**14,460**	**96%**

Excluding leased lots for East Link construction mitigation, a total of 15,082 parking stalls are available at 28 locations in Pierce, Snohomish, and King County. The overall parking utilization for January slightly fell compared to last year at 96%. The utilization rate of North King County was lower than previous months mainly driven by the low usage of the Northgate Station garage, which opened in November. We expect that the utilization rate will improve in the next few months. There is a temporary closure of 200 parking stalls at Tacoma Dome Station garage while the station undergoes mid-life maintenance through March 2019.

System-wide parking utilization for Snohomish and Pierce County increased by 1.7% and 0.5%, respectively, while King County utilization decreased by 2.5%. Many of our parking facilities continue to be at or near capacity.

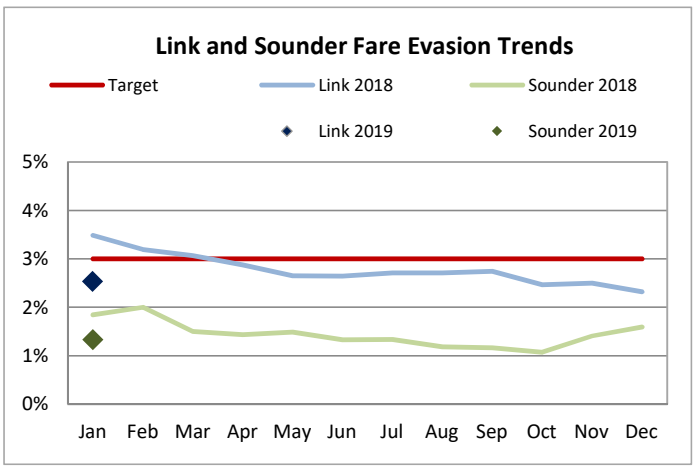

Target: 95% **ST Elevators: 96.3%**

Link Elevators: 99.4% **Link Escalators: 92.6%**

Targeted availability is set at 95% to match contract standards.

Sound Transit managed conveyances at ST Express and Sounder stations consistently perform above the 95% target availability and achieved 96.3% during the month.

KCM managed Link elevators were above targeted availability at 99.4% in January, and escalators were down at 92.6% mainly driven by the scheduled maintenance at University of Washington Station and repairs to misused units at SeaTac /Airport Station.

Target: 3% **Sounder: 1.3%** **Link: 2.5%**

Link fare evasion was 2.5% for the month, lower than the same period last year and within the 3% targeted range.

Sounder fare evasion was 1.3% in January, which was lower than the same period last year.

Overall, combined fare evasion was 2.3%, within the targeted range. Fare inspection was slightly below the targeted inspection rate of 8.0% at 7.6% in January.

[1] PMIs are preventive vehicle maintenance inspections. Link PMIs include Signals, Traction Power, LRV, Track, SCADA, and Facilities.

[2] Actual performance compared to the Budget standard-ST Express: >85%, Sounder: >95%, Link: >90%, Tacoma Link: >98.5%.

[3] Headways are scheduled intervals between trips.

[4] An accident in which the operating employee(s) failed to do everything reasonable to prevent the accident.

[5] YTD Preventable accidents per 100,000 miles is based on a rolling 12-month period of data.

[6] Farebox recovery is calculated as farebox revenues divided by total modal operating expenses based on a rolling 12-month period of data.
To better align with Federal Transit Administration – National Transit Database (NTD) reporting, Operating Leases costs are no longer included in Operating Expenses for the purpose of the Sound Transit Farebox Recovery calculations.
Starting with the 2017 Fare Revenue Annual Report, the agency has restated 2015 and 2016 Operating Expenses to reflect this change.

[7] Year end target. For farebox recovery, the target reflects fare policy board minimums.
